First Eclipse, now **Eclipse SB**, the **FIRST**, and **ONLY**, sports floors to be 3rd party certified to exceed all industry standards worldwide. From MFMA’s PUR standard to EN 14904 Type 4, all the major sports flooring standards share a common vision:

- Safeguard the well-being of the athlete
- Ensure good game play performance
- Provide good structural integrity
- Anchored for dimensional stability and uniformity for long-term superior game play

Robbins pioneered the use of DIN in North America more than 20 years ago and continues to be the industry leader with more than 25 patents and numerous floor system innovations in use every day. Robbins latest design, **Eclipse SB**, was built to be a **COMPETITION CLASS FLOOR** that delivers outstanding bio-mechanic response and game play performance. It withstands the rigors of every-day use, while also handling heavy rolling loads such as bleachers, portable basketball goals, and heavy equipment. And to top it off, we also designed it to be **AFFORDABLE**. Only Robbins could pack this much performance into a single system!

So whether you’re in charge of an elite NBA, NCAA or high school program, or just looking for the best value for your money at any level of play, you owe it to yourself to take a look at what **Eclipse SB** has to offer.
