

Instruction sheet

Regular cleaning of Pulastic® sports floors

1. Dilution

Measure the quantity of Pulastic® Deep Clean cleaning agent
1 L product per 10 L water (1:10).

2. Attaching the pad

Attach the red pad underneath the scrubbing/suction machine.

3. Applying fluid

Apply the fluid while scrubbing. Work at a normal walking pace.

4. Exposure time

Important: Do not let the solution applied to the floor dry up.

5. Suction

Let the machine suck up the fluid while scrubbing. Work at a slow walking pace.

6. Rinsing

Clean the Pulastic® sports floor again using Pulastic® Eco Clean as part of the regular cleaning cycle. See also the instruction sheet Standard wet cleaning.

Important: Do not skip this step.

**AFTER
6 months**

Pulastic® Deep Clean

Cyclic cleaning agent (2x a year) **after the first 6 months** of use of Pulastic® sports floors (steps 1-5).

Rinsing

Pulastic® Eco Clean

Cleaning agent for **rinsing** Pulastic® sports floors (step 6).
